**RECONCILIATION OF NET CHANGE IN FUND BALANCE -
GOVERNMENTAL FUNDS
WITH CHANGE IN NET ASSETS
YEAR ENDED DECEMBER 31, 2004**

Net Change in Fund Balance	\$ 39,030,012
----------------------------	---------------

Amounts reported in the statement of activities are different because:

Net income of the Internal Service Fund is in governmental activities since it primarily benefits the County's governmental funds.	(26,524)
------------------------------------------------------------------------------------------------------------------------------------	----------

Capital outlays to purchase or build capital assets are reported in the government funds as expenditures. However, for governmental activities those costs are shown in the combined statement of net assets and allocated over their estimated useful lives as annual depreciation in the combined statement of activities. This is the amount by which depreciation exceeds capital outlays in the period.

Depreciation expense	\$ (4,160,223)	
Capital outlays	<u>4,670,351</u>	
		510,128

In the statement of net change in fund balance non-exchange revenue is only recognized when measurable and available. Therefore any non-exchange balances collected past sixty days of the balance sheet date are not recognized as revenue until the period collected. This amount is the net change in revenue accrued between the prior and the current year.	914,524
------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------

Proceeds from long-term debt are considered a current financial resource and is reported in the the statement of change in fund balances but not in the statement of activities.	(63,735,000)
