As approved and adopted by the Board of Directors on May 13, 2016**

These policies and procedures are a codification of all policies and procedures of the Lackawanna County Land Bank (hereinafter “LCLB”). .

Section 1. Role as a Public Body.

1.1 Public Entity. LCLB is a public entity authorized by state law and created pursuant to Ordinance #239 of 2015 approved by the Lackawanna County Board of Commissioners on June 17, 2015.

1.2 Governing Authority. The core governing documents of LCLB are 68 Pa.C.S.A Section 2101 et seq., Act 153 of 2012 (hereinafter the “Land Bank Act”), Ordinance #239 of 2015 referenced above, the Articles of Incorporation, and the By-laws.

1.3 Purpose. The purpose of LCLB will be to effectively facilitate the return of blighted and abandoned properties to productive reuse through creative leadership that engages key partners to leverage a variety of resources. The LCLB will encourage, whenever possible, owner-occupied homeownership.

Section 2. Property Acquisitions by the LCLB

1.1 Sources of Property Inventory. Sources of real property acquisitions of LCLB include, but are not limited to, the following:

- (a) transfers from local governments or authorities;
- (b) acquisitions by LCLB at tax foreclosures or mortgage foreclosures;
- (c) donations from private entities;
- (d) market purchases;
- (e) conduit transfers contemplating the simultaneous acquisition and disposition of property.
- (f) Lackawanna County Tax Claim Repository List

2.2 Policies Governing the Acquisition of Properties. In determining which, if any, properties shall be acquired by LCLB, LCLB shall give consideration to the following factors:

- (a) Proposals and requests by private and nonprofit corporations that identify specific properties for ultimate acquisition and redevelopment.
- (b) Proposals and requests by governmental entities that identify specific properties for ultimate use and redevelopment.
- (c) Residential properties are available for immediate occupancy without need for substantial rehabilitation.

- (d) Improved properties that are appropriate for demolition of the improvements and properties that meet the criteria for demolition of improvements.
- (e) Vacant properties that could be placed into a Side Lot Disposition Program.
- (f) Properties that would be in support of strategic neighborhood stabilization and revitalization plans.
- (g) Properties that would form a part of a land assemblage development plan.
- (h) Properties that will generate operating resources for the functions of the LCLB.

In the case of an offer to donate a property to LCLB, staff should consider all of the above factors as well as those described in paragraph 2.3 below. LCLB will not determine the value of the donated property for the purpose of tax benefits but will provide a letter describing the property donated.

2.3 Process for Acquiring Properties. A transaction agreement must be executed by LCLB and the grantor of the property except in those cases when LCLB acquires the property at a mortgage or tax foreclosure sale. Act 153 of 2012, Section 2117 (c) (3) provides that all of the following apply to judicial sales:

(i) Notwithstanding section 612 of the Real Estate Tax Sale Law, the form, substance and timing of the land bank's payment of the sales price may be according to the agreement as is mutually acceptable to the plaintiff and the land bank if all of the following apply:

- (A) A judicial sale is ordered pursuant to a judgment on a tax claim.
- (B) The purchaser of the property is the land bank.
- (C) The sales price is an amount agreed to by the land bank and the plaintiff in the claim.

(ii) The obligation of the land bank to perform in accordance with the agreement under subparagraph (i) shall be deemed to be in full satisfaction of the tax claim which was the basis for the judgment.

(iii) The land bank, as purchaser at the sale, shall have an absolute title to the property sold, free and discharged of tax and municipal claims, liens, mortgages, ground rents, charges and estates.

(iv) The land bank may at times acquire property through Quit Claim process.

In the case of conduit transfers such a transaction agreement will generally be in the form of an Acquisition and Disposition Agreement prepared in accordance with these Policies. LCLB staff is authorized to create transaction agreements in the form and content as deemed by LCLB to be in the best interest of the LCLB, and shall include to the extent feasible specification of all documents and instruments contemplated by the transaction as well as the rights, duties and obligations of the parties. Prior to the execution of an agreement of sale to purchase a property, LCLB staff is authorized to prepare an underwriting agreement that will:

- 1) Determine that the purchase is consistent with paragraph 2.2 above.
- 2) Determine if clear title can be conveyed by the transferor to the LCLB (see 2.4 below).
- 3) Determine if there are any environmental or structural issues that should be resolved prior to the purchase by LCLB (see paragraph 2.5 below).
- 4) If the property is not available for nominal consideration, determine a fair value of the property consistent with the policies in this document.

2.4 Title Insurance. In acquisitions of property by LCLB through transaction agreements the LCLB generally requires a certificate of title based upon a full title examination and, in the case of Land Banking Agreements, a policy of title insurance insuring LCLB subject to such outstanding title exceptions as are acceptable to LCLB in its sole discretion. In those circumstances when the title is not insurable, LCLB may elect to acquire the property with the intention of initiating a quiet title action.

2.5 Environmental Concerns. LCLB reserves full and complete discretion to require in all transaction agreements that satisfactory evidence be provided to LCLB that the property is not subject to environmental contamination as defined by federal or state law. At a minimum, seller shall complete a disclosure noting any known potential environmental issues.

Section 3. Priorities for Property Repurposing

Section 3.2 Neighborhood and Community Development Considerations As indicated above, LCLB reserves the right to consider the impact of a property transfer on short- and long-term neighborhood and community development plans. In doing so, the LCLB may prioritize the following in any order in which it deems appropriate:

- the preservation of existing stable and viable neighborhoods;
- neighborhoods in which a proposed disposition will assist in halting a slowly occurring decline or deterioration;
- neighborhoods which have recently experienced or are continuing to experience a rapid decline or deterioration;
- geographic areas where market conditions are weak for the purposes of residential or commercial development;
- increasing the tax base of Lackawanna County and creating opportunities for employment.

Section 4. Conveyance of Properties

4.1 Definitions "Property Costs" shall be defined as the aggregate costs and expenses of the LCLB attributable to the specific property in question, including costs of acquisition, maintenance, repair, demolition, marketing of the property and indirect costs of the operations of LCLB allocable to the property.

Depending on the nature of the end use of the property by the third party, the LCLB reserves the right to sell the property for fair market value plus all fees and costs referenced above.

All conveyances by the LCLB to third parties shall include such covenants, conditions and restrictions as the LCLB deems necessary and appropriate in its sole discretion to ensure the use, rehabilitation and redevelopment of the property in a manner consistent with the public purposes of the LCLB. Such requirements may take the form of a deed creating a defeasible fee or reversion, recorded restrictive covenants, subordinate financing being held by LCLB, contractual development agreements, or any combination thereof. LCLB will also include language in the Disposition Agreement that the transferee is precluded from appealing the post development assessed value as determined by the County Assessment office for a period of five years following the transfer of the property.

If closing does not occur, the fee is forfeited. LCLB may charge a fee for the extension of the option agreement; said fee shall not be credited against the purchase price. All option agreements are subject to all policies and procedures of LCLB pertaining to property transfers.

However, in the event that it acquires a property that is the primary place of residence for an owner-occupant through the tax sales process or other means, it shall make best efforts not to displace the owner-occupant and establish payment plans for any delinquent liens that have been acquired by the LCLB. To this end, if feasible, LCLB may offer to lease the premises to the prior owner-occupant at fair market value for a period not less than six months. The residence shall remain the primary residence of the household during the lease period.
