

LACKAWANNA COUNTY
**Community
Traffic Safety Program**

Lackawanna County Highway Safety Program is a Community Traffic Safety Project, responsible for the development, implementation and evaluation of programming to improve safety and reduce crashes, injuries and fatalities in Lackawanna and Pike Counties.

We offer free safety presentations, can provide valuable traffic safety materials or can host an informational table at a community or employer event. The Lackawanna County Community Traffic Safety Program is committed to keeping you and your family safe on and off the road through driver education and awareness.

With the National Child Passenger Safety Certification, we offer car seat checks to the communities we serve. The Community Traffic Safety Program also supports law enforcement efforts in a variety of mobilizations and campaigns.

Contact us today for more information or to learn how we can be a resource for you or your group!
