

COVID-19 Priority Testing for First Responders

During these unprecedented times of COVID-19 response, it's vital to keep our first responders safe. Should you require a COVID screen, St. Luke's has you covered! Below are your next steps should you start to experience symptoms after encountering a COVID patient or, as a result of a COVID community spread hazard.

Are you exhibiting COVID-19 Symptoms?

- Fever
- Cough
- Shortness of Breath

If **YES**, St. Luke's patients call the St. Luke's Health Call (COVID hotline) at **1-866-STLUKES (785-8537), Option 7**

- Advise the healthcare operator you are a first responder with a recent COVID encounter and provide associated symptoms.
- Have your insurance information, contact information and medical history available.
- After your evaluation a digital order will be placed within our electronic records system for a curbside COVID swab test, you can immediately proceed to a St. Luke's CareNow COVID testing site. (Testing locations and hours on the back of this form)

Testing Site Arrival – For St. Luke's Patients

- Bring your work issue ID and insurance information.
- You will be swabbed curbside and provided self-isolation instructions until your results are received.
- Before leaving make sure you receive a registration code to create a MyChart account, unless you already have one set up.

If **YES**, but you are **NOT** a St. Luke's patient, proceed to CareNow locations for evaluation and testing.

- Advise the CareNow staff you are a first responder with a recent COVID encounter and provide associated symptoms. Please call the CareNow location when you arrive in the parking lot.
- Have all insurance information, contact information and medical history available.
- If indicated by exam and history, a swab will be taken at the CareNow visit and sent for testing.
- You will receive the MyChart code to receive results on your After Visit Summary along with isolation instructions until results are back.

Post Test Follow Up – Any Network Patient

- You will be notified of your test results via the contact information you provided. Test results will also be sent to MyChart once reviewed by the ordering provider.

If you develop additional symptoms such as shortness of breath, chest pain, dizziness, etc. please call 911 immediately or go to your nearest St. Luke's Emergency Department. If 911 is called notify the dispatcher that you have been tested for COVID-19 and wear a facemask prior to the arrival of EMS.
