## **Department of Health Provides Update on COVID-19, 693 Positives Bring Statewide Total to 70,735**

**Harrisburg, PA** - The Pennsylvania Department of Health today confirmed as of 12:00 a.m., May 29, that there are 693 additional positive cases of COVID-19, bringing the statewide total to 70,735. All 67 counties in Pennsylvania have cases of COVID-19.

There are 5,464 total deaths attributed to COVID-19, an increase of 91 new deaths. County-specific information and a statewide map are available [here](#).

“As Pennsylvania continues to move forward in the process to reopen, we need to remember that the threat from COVID-19 has not gone away,” Secretary of Health Dr. Rachel Levine said. “As counties move into the yellow and green phases, we must take personal responsibility to protect others. Wearing a mask, continuing to maintain social distancing, and washing your hands frequently are all steps we can take to help protect others, including our most vulnerable Pennsylvanians, our essential workers and our healthcare system.”

There are 604 patients who have a positive serology test and either COVID-19 symptoms or a high-risk exposure, which are considered probable cases and not confirmed cases. There are 366,970 patients who have tested negative to date. Of the patients who have tested positive to date the age breakdown is as follows:

- Nearly 1% are ages 0-4;
- Nearly 1% are ages 5-12;
- Nearly 2% are ages 13-18;
- 6% are ages 19-24;
- Nearly 37% are ages 25-49;
- 25% are ages 50-64; and
- 28% are ages 65 or older.

Most of the patients hospitalized are ages 65 or older, and most of the deaths have occurred in patients 65 or older. More data is available [here](#).

In nursing and personal care homes, there are 15,335 resident cases of COVID-19, and 2,565 cases among employees, for a total of 17,900 at 603 distinct facilities in 44 counties. Out of our total deaths, 3,517 have occurred in residents from nursing or personal care facilities. A county breakdown can be found [here](#).

Approximately 5,280 of our total cases are in health care workers.

### **The Wolf Administration stresses the role Pennsylvanians play in helping to reduce the spread of COVID-19:**

- Wash your hands with soap and water for at least 20 seconds or use hand sanitizer if soap and water are not available.
- Cover any coughs or sneezes with your elbow, not your hands.
- Clean surfaces frequently.
- Stay home to avoid spreading COVID-19, especially if you are unwell.
- If you must go out for a life-sustaining reason, please wear a mask.
