Department of Health Provides Update on COVID-19: 4,882 Patients Hospitalized and 889 Patients in the Intensive Care Unit

5,664 Additional Positive Cases of COVID-19

Harrisburg, PA - The Pennsylvania Department of Health today confirmed as of 12:00 a.m., January 21, there were 5,664 additional positive cases of COVID-19, bringing the statewide total to 788,834.

There are 4,882 individuals hospitalized with COVID-19. Of that number, 889 patients are in the intensive care unit with COVID-19. Most of the patients hospitalized are ages 65 or older, and most of the deaths have occurred in patients 65 or older. More data is available [here](#).

The trend in the 14-day moving average number of hospitalized patients per day has increased by nearly 4,500 since the end of September.

Statewide percent positivity for the week of January 8 – January 14 stood at 12.7%.

The most accurate [daily data is available on the website](#), with [archived data also available](#).

As of 11:59 p.m. Wednesday, January 20, there were 260 new deaths reported for a total of 20,128 deaths attributed to COVID-19. County-specific information and a statewide map are available on the [COVID-19 Data Dashboard](#).

Mask-wearing is required in all businesses and whenever leaving home. Consistent mask-wearing is critical to preventing the spread of COVID-19.

There are 80,719 individuals who have a positive viral antigen test and are considered probable cases and 637 individuals who have a positive serology test and either COVID-19 symptoms or a high-risk exposure.

There are 3,520,836 individuals who have tested negative to date.

In nursing and personal care homes, there are 60,597 resident cases of COVID-19, and 11,372 cases among employees, for a total of 71,969 at 1,525 distinct facilities in all 67 counties. Out of our total deaths, 10,137 have occurred in residents from nursing or personal care facilities. A county breakdown can be found [here](#).

Approximately 21,862 of our total cases are among health care workers.

COVID-19 Vaccine Distribution

Pennsylvania hospitals began receiving shipments of the Pfizer-BioNTech COVID-19 vaccine the week of Dec. 14 and Moderna COVID-19 vaccine the week of Dec. 21.

Through Jan. 20:

- 543,329 doses of the vaccine have been administered. Please note that this does include vaccine administration through the CVS as part of the Federal Pharmacy Partnership.
 - There are 366,429 people who have received one dose (partially covered).
 - There are 88,450 people who have received two doses (fully covered).
 - The math results in 543,329 doses administered.

A spreadsheet of facilities that have received vaccine can be found [here](#).

Statewide – The Wolf Administration has since noon, Jan. 20:

- [Announced \\$600 pandemic relief awards to eligible child care employees.](#)
- Provided enforcement data from the [Pennsylvania State Police](#).

The Wolf Administration stresses the role Pennsylvanians play in helping to reduce the spread of COVID-19:

- Wash your hands with soap and water for at least 20 seconds or use hand sanitizer if soap and water are not available.
- Cover any coughs or sneezes with your elbow, not your hands.
- Clean surfaces frequently.
- Stay home to avoid spreading COVID-19, especially if you are unwell.
- If you must go out, you are required to wear a mask when in a business or where it is difficult to maintain proper social distancing.
- Download the COVID Alert PA app and make your phone part of the fight. The free app can be found in the [Google Play Store](#) and the [Apple App Store](#) by searching for “covid alert pa”.
