Department of Health Provides Update on COVID-19: More Than 2.2 Million Vaccinations to Date

3,346 New Cases, 1,962 Patients Hospitalized and 421 Patients in the Intensive Care Unit

Harrisburg, PA - The Pennsylvania Department of Health today confirmed as of 12:00 a.m., February 26, there were 3,346 additional positive cases of COVID-19, bringing the statewide total to 926,336.

There are 1,962 individuals hospitalized with COVID-19. Of that number, 421 patients are in the intensive care unit with COVID-19. Most of the patients hospitalized are ages 65 or older, and most of the deaths have occurred in patients 65 or older. More data is available [here](#).

The trend in the 14-day moving average number of hospitalized patients per day is about 3,900 lower than it was at the peak on December 25, 2020. However, the current 14-day average is just below what it was at the height of the spring peak on May 3, 2020.

Statewide percent positivity for the week of February 12 – February 18 stood at 6.5%.

The most accurate [daily data is available on the website](#), with [archived data also available](#).

As of 11:59 p.m. Thursday, February 25, there were 69 new deaths identified by the Pennsylvania death registry, reported for a total of 23,937 deaths attributed to COVID-19. County-specific information and a statewide map are available on the [COVID-19 Data Dashboard](#).

COVID-19 Vaccine Distribution

Pennsylvania hospitals began receiving shipments of the Pfizer-BioNTech COVID-19 vaccine the week of Dec. 14 and Moderna COVID-19 vaccine the week of Dec. 21. Please note that this includes vaccine administration through CVS as part of the Federal Pharmacy Partnership. Vaccination numbers for Pennsylvania do not include Philadelphia, which is its own jurisdiction, or federal facilities, which are working directly with the federal government.

- This week, a total of 3,172,900 doses will have been allocated through February 27:
 - 225,890 first doses will have been allocated this week.
 - 180,610 second doses will have been allocated this week.

- To date, of the 3,172,900 doses allocated through February 27, we have administered 2,226,004 doses total through February 25:
 - First doses, 86 percent (1,576,984 administered of 1,836,065 allocated)
 - Second doses, 49 percent (649,020 administered of 1,336,835 allocated)

Mask-wearing is required in all businesses and whenever leaving home, even if fully vaccinated. Consistent mask-wearing is critical to preventing the spread of COVID-19.

There are 109,935 individuals who have a positive viral antigen test and are considered probable cases and 636 individuals who have a positive serology test and either COVID-19 symptoms or a high-risk exposure.

There are 3,863,935 individuals who have tested negative to date.

In licensed nursing and personal care homes, there are 66,674 resident cases of COVID-19, and 12,987 cases among employees, for a total of 79,377 at 1,566 distinct facilities in all 67 counties. Out of total deaths reported to PA-NEDSS, 12,371 have occurred in residents from nursing or personal care facilities. A county breakdown can be found [here](#). Note that the number of deaths reported to NEDSS is not exactly the same as the COVID-19 related deaths reported by the death registry. The number of deaths among nursing and personal care home residents and employees is taken from the PA-NEDSS death data, as this information is not available in the death registry data.

Approximately 24,679 of our total cases are among health care workers.

Statewide – The Wolf Administration has since noon, Feb. 25:

- Announced [AMI Week 12 Testing](#).
- Provided the latest [Labor & Industry enforcement data](#).

While vaccine supply from the federal government remains limited, the Department of Health is working to ensure the vaccine is provided in a way that is ethical, equitable and efficient. To keep Pennsylvanians informed about vaccination efforts:

- The [Your Turn](#) tool provides a way to register to be alerted when it's your turn to be vaccinated.
- A [commonwealth COVID-19 vaccination guide](#) explains the current process for getting one. Pennsylvanians with questions about the vaccination process can call the Department of Health hotline at 1-877-724-3258.
- [Vaccine provider map](#) to find a COVID-19 vaccine provider near you.
- All of the locations that received vaccine and how much they have received can be found on the [COVID-19 Vaccine Distribution webpage](#).
- [Vaccine dashboard data](#) can also be found on the website to find more information on the doses administered and showcase demographic information.

- Pennsylvanians can provide feedback on the Pennsylvania COVID-19 Interim Vaccination Plan by clicking on the Plan Feedback Form square under Popular Vaccine Topics [here](#).
- Frequently asked questions can be found [here](#).

The Wolf Administration stresses the role Pennsylvanians play in helping to reduce the spread of COVID-19:

- Wash your hands with soap and water for at least 20 seconds or use hand sanitizer if soap and water are not available.
- Cover any coughs or sneezes with your elbow, not your hands.
- Clean surfaces frequently.
- Stay home to avoid spreading COVID-19, especially if you are unwell.
- If you must go out, you are required to wear a mask when in a business or where it is difficult to maintain proper social distancing.
- Download the COVID Alert PA app and make your phone part of the fight. The free app can be found in the [Google Play Store](#) and the [Apple App Store](#) by searching for “covid alert pa”.
