

Dear Community Leader,

Thank you for your help in reaching the most vulnerable members of our community.

Rite Aid, as a Federal Retail Pharmacy Partner, is now able to provide COVID-19 vaccinations to a select group of qualified individuals in **PENNSYLVANIA** including **seniors Ages 65+**.

To better serve the members of our communities who do not have access to a computer or require personal assistance, we have established a COVID-19 vaccination scheduling hotline:

**COVID-19 Vaccination Scheduling Hotline**

**1-866-674-4659**

**Monday – Friday 9AM – 5PM**

**Rite Aid #726, 1080 S Washington Ave, Scranton, PA 18505**

**Next Day Appointments Only**

In order to schedule an appointment through the hotline, qualified individuals **must** provide a valid mobile phone number and email address so Rite Aid can communicate any updates and reminders moving forward.

To support our community as efficiently as possible, we encourage any qualified individuals with computer access to schedule through our online link at <http://ritea.id/pennsylvania>
