

REQUEST FOR QUALIFICATIONS-UPDATE

ENERGY CONSERVATION PERFORMANCE CONTRACT

RFQ NUMBER #2021-6-25

UPDATE #1

On Page 4 of the original Request For Qualifications, included in Section **D. Submittals** was a statement that the qualifications package should be submitted by August 6, 2021. That date is incorrect, and the actual date for submission is included in the Section **A. Schedule** as July 23, 2021.

UPDATE #2

On Page 4 of the original Request For Proposals, add the following paragraph under **4.**

MANDATORY REQUIREMENTS:

E. Measurement and Verification. Proposals must include the intent of the submitter regarding International Verification and Measurement protocols. All proposals will include the plan of the proposer regarding their methodology for Verification and Measurement. Any proposal to utilize Verification and Measurement by any means other than "Option C" must include a thorough explanation of the methodology to be utilized.
