Master Watershed Stewards Offer Fall Tree & Shrub Sale

Penn State Extension Master Watershed Steward Program of Lackawanna County is accepting orders for native trees and shrubs through August 31.

The sale, which serves as a fundraiser for the program, offers 27 varieties of trees and shrubs that can be picked up on Saturday, October 9, between 9 am and noon at Sweeney's Beach Park, 40 Poplar Street, Scranton.

Whether you're seeking trees for privacy, foliage, shade, attracting pollinators or just want something beautiful to look at, there will be a variety of trees and shrubs that will meet everyone's needs and make a nice addition to one's property!

For more details and ordering information, visit <https://extension.psu.edu/mws-tree-sale>.

The Master Watershed Steward Program educates volunteers to protect environmental resources. After 40 hours of training, Master Watershed Stewards give back to the community by offering educational opportunities, collecting citizen science data, organizing clean ups, and working on wildlife habitats and stream restoration projects.
