(Ctrl+click to follow link)

The information collected through this survey will be used by local housing and social service providers to better understand how landlords have been impacted during these challenging times, particularly since the state-wide moratoriums have expired. This information can also be used to assist in mediation and prevention of evictions thus avoiding displacing tenants and further burdening landlords.

Please complete survey by Friday April 8, 2022

About the Housing Coalition: The Lackawanna County Housing Coalition is a catalyst for decent, safe, affordable housing. The Coalition's members—which include nonprofit, public, and private affordable housing providers—seek to provide housing opportunities and empowerment towards self-sufficiency for all persons in Lackawanna County. For more information or to access this survey digitally, visit www.lchousingcoalition.org.

Survey is also available on the Housing Coalition website
